Friend...
If you are in need of more answers or feel alone and want someone there who will always care for you and love you... then join the fuckin' club. You're a grown adult for God's sake! Grow up and deal with it like the rest of us do. Tomorrow's another day! Goin' through shit is how you learn stuff. Christ! I thought this was common knowledge! What the fuck?

GOD IS FAKE

God is fake? Absolutely. There is no God, no heaven or hell. It's all just as crazy as it sounds. No kiddin'. But those wackos who read the Bible aloud on street corners, can they be wrong? Believe it or not they are! Those people need "God" to get through the day. He gives them reason to live. Without Him they have no purpose. It's really kinda sad.

Hey, what about Satan? He's real, right? No! He doesn't exist either. There doesn't have to be a "Satan" for people to do bad things. Take full responsibility for your actions you deadbeat! You people take the cake! Christ!

Then what's the point? I mean, I might as well just kill myself then right? Yes. I mean, NO! There are still things worth living for, like people for instance! Friends, family, loved ones, YOURSELF! All that shit matters more than "God" and don't let anybody tell you different! It devalues you and makes it seem like there's something more important than the human race, and there ain't, you stupid self-hating ingrates!

Hey, I once accidentally invited God into my heart. Am I fucked? Oh, you're fine. He ain't there. Just enjoy this life and don't let it slip by without having done something you can be proud of. And learn from this! You'll find that the answers are usually pretty obvious. Just use common sense. It beats faith any day.
